

As part of The Children's Hospital at Westmead Stage 2 Redevelopment, a new roundabout is being installed at the intersection of Redbank Road and Labyrinth Way.

Following extensive consultation and feedback from key stakeholders, steps are being taken to enhance safety and reduce waiting times for motorists turning right from Labyrinth Way (exiting the new multi-storey car park) onto Redbank Road.

The roundabout will make the intersection safer for all road users and also help manage traffic flows for motorists and visitors in the area once the multi-storey car park opens in the coming months.

## What will be involved?

As part of this work, it will include:

- installation of a small roundabout at the intersection of Redbank Road and Labyrinth Way;
- new pedestrian crossings on Redbank Road and Labyrinth Way;
- installation and upgrade of adjacent pavements and footpaths around the roundabout; and
- installation of upgraded lighting and traffic signage.

## When will this work occur?

Construction of the new roundabout is scheduled for Friday 5 April 2024 and is expected to be completed by June 2024, weather permitting.

This work will occur during standard construction hours, between 7am to 6pm between Monday to Friday and Saturdays 8am to 5pm. There will be some out of hours work, with impacted stakeholders to be notified separately.

To ensure the safety of all road users, pedestrians and our workers, there will be some temporary traffic changes. Contraflows will be in place between 9am to 3pm on weekdays and 8am to 5pm on Saturdays. Motorists and pedestrians are to follow site signage and traffic control while travelling in the area.

This work is a part of the NSW Government's \$619 million investment into The Children's Hospital at Westmead Stage 2 Redevelopment, which includes a new Paediatric Services Building, multi-storey car park, refurbishment of select areas within the existing hospital, and a revitalised forecourt.
